## **Judges, Week 5**

There are times when we need to \_\_\_\_\_ why were are the position we are in before God delivers us from that position.

- True repentance brings real change and removes regret about the past.
- Worldly sorrow brings no real change and it stays regretful

Just because we do not see God actively working, does not mean He has \_\_\_\_\_ us.

We must \_\_\_\_\_ who we are according to God rather than our own understanding or someone else's understanding.

God wants us to take care of things \_\_\_\_\_ before He will use us publicly.

Our obedience to God's commands will give other's \_\_\_\_\_ to obey Him as well.

The purpose of the fleece in the life of Gideon was more for Gideon to understand God's \_\_\_\_\_ than to determine God's will for his life. In response, God showed His power and presence.
